

K-Love is one of the most important things in my life & the lives of my relatives & friends here in NYC. There are very few stations here in NYC that play the music that they do & have the beliefs that we do. And they are a contemporary station which directly affects the teenagers and young adults so heavily here in such a positive way. To have a Christian station here & play it on the web - I literally leave it on all day! Even at work! So many people listen to it all the time and it's such a blessing. PLEASE do not change ANYTHING that would remove K-Love from these airways! We NEEEEEEED them! BADLY! As a resident of this local community here in NYC - I know that it's a blessing & a necessity! If this station was replaced by an LPFM with other programming - it would be devastating for me...I already have enough other stations....this one provides such wonderful music that we can feel comfortable with our children listening to & know that there are no curses, or talk about sexual things or even any kind of immoral things. We can be joyful knowing our children are listening to a station that will encourage & uplift them & will have music that they LOVE to hear because it is modern & christian too! K-Love is an integral part of our lives & I pray for you that you do not take it away from us - but let it stay & not be changed! Thank you & God bless you!
